About Us

We, (WAARCI) are organized for educational, charitable, scientific, and hobby purposes. We strive to contribute positively by providing amateur radio operators with opportunities for education, training, operating, and fellowship. We strive to educate and inform the public of the benefits of the amateur radio service by fostering emergency preparedness among amateur radio operators in west central Missouri. We do this by establishing and maintaining amateur radio repeaters and educating amateur radio operators to provide and assist in emergency communications services.

Location: 146.88

KC Heart Net (ALL NETS ON WAARCI 2 METER REPEATER 146.880)

Date: First Monday of the Month

Time: 7:30 PM

Location: 146.88 linked to KC Area Repeaters

NTS Net   ALL NETS ON WAARCI 2 METER REPEATER 146.880)

Date: Wednesday

Time: 7:30 PM

Location: 146.88 linked to KC Area Repeaters

*For those new to Amateur Radio Nets; here are a few things to remember:

- All licensed amateurs are welcome, no club membership is needed
- Emergency traffic has precedence over all other traffic
- Nets are informal, however, following net control's guidance is generally expected
- "Short Time Stations" are stations with limited time for the net
- "Stations" are licensed amateur radio operators
- When you check into the net you will be given an opportunity to give your comments
- Your comments can be anything that is legal to say on the air
- If you are listening to the net on radio reference you can check in with Cary (KB0HV) via Facebook or text

WAARCI Yearly Events

Location: Johnson County Fairgrounds

Christmas Party:

Date: 2nd Saturday in December, time TBD

Location: TBD

NEED TECHNICAL ASSISTANCE?

If you are a new Ham, (or an experienced one) having difficulties programming your radio, can't get into the repeater, or just some other problem, don't let it beat you. We don't want to lose Hams to technical frustrations. Our Elmers can help you through the tough times and help you get on the air!
