

WAARCI Youth hosts  
**ARRL Kids Day**  
*Knob Noster State Park*  
*Saturday, June 16, 2018 1pm-7pm*

We will be there, our HTs at the ready (tuned to 146.88Mhz, PL Tone 107.2). Antennas built and set, connections established...

Will we make contact? Reach out through DX? There's only one way to find out...

## Everyone is welcome!

You don't need to have your Ham license or be a member to join the fun! We welcome anyone 17 and younger who is interested in learning more about Ham Radio or who just wants to make some new friends to come out and join the fun (and yes, please bring your parents, too)! Bring a side dish to our Potluck Weenie Roast, stay for the activities, make some new friends, and learn more about how Ham Radio can be fun for you and benefit your community.

# WAARCI Youth hosts ARRL Kids Day

## What we plan to do:

- Attempt to make new youth contacts outside our local network area
- Youth Fox Hunt (Don't worry! The "fox" is a hidden transmitter that we will search for using direction-finding antennas and hand-held radios.)
- QSL Card creation - because making contacts is more fun when QSL cards are exchanged!
- We will also have activities brought by the Ham Club Youth to participate in throughout the day, so everyone will get to have fun!
